

Assistance to Injured Children

Children who were injured or subject to other health damage due to the Russian invasion of Ukraine and members of their immediate families can get comprehensive assistance from the **SOS Children's Villages organization**, aimed at providing psychological, medical, social, educational and rehabilitation services to children and their immediate families.

A one-time cash benefit of UAH 10 000 per injured child is also provided.

👉 To participate the Program, please fill in the form via the link: https://bit.ly/sos-ukraine_injured_children_help

After submitting the application, our specialists will consider it and contact you if you meet all criteria of the target group.

📌 **Please be advised** that in order to confirm the fact of injury, it is necessary to provide a medical record and a certificate from the National Police or an extract of the entry of the case into the Unified Register of Pre-trial Investigations (if available).

For more details please call: 38095-790-14-16.
